The Genesis

Estd. 1995

Sensing the ever-growing need for competent and highly trained professionals endowed with technical skills and aptitude to operate in the highly complex and technology driven industrial environment, the SMS Society, a philanthropic social organisation, registered under the Societies Registration Act, 1860, established an autonomous nonprofit educational centre, School of Management Sciences (SMS), in Varanasi with avowed mission of imparting highly innovative management and computer education in the eastern part of India which was expected to be the need of the hour in the country's economy heading so fast towards globalisation.

With a modest beginning in 1995, the SMS has never looked back. It has made consistent endeavours over the years to prove its national character as a Centre of Excellence in Management and Computer Education. It is because of its proactive approach and immense commitment that SMS has been rated as one of the top-most Institutions in the country imparting professional education in Management and Computer Sciences. The goal of the MBA & MCA programme is to develop future management leaders, business crusaders and managerial decision-makers, capable of effectively addressing to the plural corporate responsibility at the domestic plus global platform and be equally sensitive to the wider social aspiration.

The objective of the MCA programme, however is to develop future leaders, chief engineers, head designers, principal technical officers of industrial software engineering practice in computer & IT organisations. While distinguishing itself from the usual programmes in Information Technology, the programme develops professionals to strengthen the structural core capabilities needed particularly for a software organisation.

The School of Management Sciences has already actuated the Centre for Corporate Training & Research (CCTR) at Mumbai for better Institute-Industry interaction and the Centre for Spiritualism & Human Enrichment (C-SHE) at Varanasi in the Campus itself for cultivating the individuals into ideal human beings by blending of traditional values with modern thoughts.

SMS has also been recognised as one of the prominent Training Centers by Insurance Regulatory & Development Authority of India for providing training to Insurance Agents.

TRAINING & PLACEMENT CELL

The Institute has been aware of two main important facts: Firstly, that the interaction with the corporate world during summer placement helps the students to sharpen their managerial and incisive skills and, secondly, the performance of a professional institute is gauged in terms of the quality of placements to its outgoing batches. As such, the Institute has established a full-fledged and well-equipped Training and Placement Cell which provides active support to the students in getting quality summer training as well as final placements. In past, the Institute has had an outstanding record of quality placements.

The students of the SMS are absorbed by leading national and multi-national companies every year. Some of the prominent companies that visit SMS regularly for providing Summer Training & Placement to the MBA, MCA & M.Com. students are:

INDUSTRY LINKAGE

To keep abreast of the latest changes in the industrial world, a professional Institute should have close linkage with the real business world. Based on this hypothesis, the School of Management Sciences makes concerted endeavours towards organising institute-industry interfaces at different places of importance and so it also undertakes the following activities :

SEMINARS, CONFERENCES AND EXECUTIVE DEVELOPMENT PROGRAMMES

Seminars and Conferences on key problem areas feature regularly in the Academic Calendar of the Institute. The objective is to provide a platform where the students and faculty members could interact with the highly experienced professionals and academicians.

Perceiving the need for developing and sharpening the skills to exploit the burgeoning and enticing opportunities emerging as a result of the cataclysmic developments in global environment, the SMS also offers several significant Executive Development Programmes for promising entrepreneurs and working executives for which it has received wide appreciation.

GUEST LECTURES

In addition to class-room teaching, the Institute also organises the year-long Guest Lecture Series to give the students a glimpse of the real corporate practices. In this series, the working executives from the organisations of repute are invited to interact with the students on the topics of thematic importance.

CONSULTANCY

The Institute with its highly experienced teaching faculty has been offering consultancy services not only to the local entrepreneurs but also to the business and industrial organisations in the country. Since its inception, the Institute has emerged as a Centre of Excellence where the local entrepreneurs and other organisations do visit for redressal of their problems and also for seeking assistance to get market and consumer surveys conducted for their different products not only in Varanasi but also in other parts of the country.

It is worth mentioning that in the recent past, the Institute has conducted many significant research/market surveys for a number of reputed organisations in the corporate world, both from the Public and Private Sectors.
